PROFESSIONAL SUMMARY

I'm an enthusiastic MCA graduate with a strong interest in software development. I've built a good foundation in Java, SQL, and web development, and have hands-on experience with full-stack projects and database management. I'm comfortable with object-oriented programming and familiar with agile practices. I'm excited to bring my skills into a professional setting, contribute to impactful projects, and keep learning new technologies along the way. I work well in teams and am eager to grow and take on challenges in the tech industry.
